RAILROAD RALLIES TO THE SUPPORT OF HON. GEORGE NIXON

(Special to The Journal.)

CARSON, January 16.—T. B. Rickey, to protect his business interests, is about to be forced from the fight for United States Senator. This statement can be relied upon as coming from sources thoroughly reliable. George Nixon, the Republican candidate, if present plans carry, will be elected United States Senator from Nevada. His friends are claiming thirty-one votes on joint ballot, conceding twenty-seven to Governor Sparks, the Democratic candidate. Rickey's friends tonight claim his name will go before the Senate but Nixon men smile and say "no," and they are backed up in this by Nixon, whose headquarters are thronged.

As is well known Nixon is in charge of all political and other business for the railroad people in Nevada. Rickey is the largest stock owner in the State. His extensive business dealing with the Southern Pacific places him in a position to know the result of antagonizing the big corporation. Not that Mr. Rickey fears a fight, but he is a peaceful man and not looking for trouble that can be avoided. In the event of his withdrawal he has been promised the support of both the Republican party and the railroad when it comes to selecting a successor for Newlands.

As yet Rickey has not accepted the offer of the Nixon men, "for," to use the words of one of the dissatisfied, "we don't like the idea of getting out of the fight at this late day."

Tomorrow will tell the tale and in the event that the big cattle man does decide to allow his friends to support him, one of the "prettiest" senatorial fights in the history of Nevada politics is looked for.

For Business Reasons T. B. Rickey, Wealthy Land and Cattle Owner, and One of Nevada's Staunchest Republicans, May be Forced from the Fight for United States Senator

CARSON, Jan. 16.—The opening of the twenty-second session of the Nevada Legislature was not devoid of any of the usual scenes and incidents attendant upon the opening of that body ever since Nevada became a State.

The solons and the candidates for places began to get in as early as Thursday, and from that time on until the gathering of the caucus Sunday evening, the familiar spectacle of the listening legislator with a far-away look in his eyes, and the eager applicant with a firm grip on the member's buttonhole might have been witnessed on any corner of the main street.

The barroom of the Arlington, the accustomed stamping ground of legislative statesmen, was bulging with legislators, candidates, and manipulators all Sunday afternoon, and the usual accompaniments of slate-making, health-drinking, and hand-shaking gone through with.

There was a good deal of life, too, at the Park, where Candidate Nixon has his headquarters, but the Arlington appeared to be the chief center of activity.

So far as the Senate was concerned everything moved harmoniously. Nate Roff, veteran of a hundred fights, mapped out a program, which was agreed to by a majority of his party colleagues, which went through the evening caucus with only a slight change or two.

On the other side of the Capitol building it was not so easy. This is the first time in fourteen years that the Republicans have had control of the Assembly, and their unfaithfulness with the program was attested by the lack of combinations. The Republican Assemblymen went into caucus without any definite course laid out and the election that ensued was a free for all.

In the melee that ensued many fond hopes went down and veteran candidates got the gaff in good shape. The caucus choice in the Senate was as follows:

Joe Miller, Pres. Pro. Tem; C. H. McIntosh, Humboldt, Secretary; E. T. George, Lander, Assistant Sec.; Phil. Triplett, Elko, Minute Clerk; Miss E. Ryan, Storey, Journal Clerk; Katie Swick, Eureka, Engraving Clerk; Mattie Keith, Elko, Copying Clerk; J. A. Cahalan, Esmeralda, Committee Clerk; Lizzie Morgan, Humboldt, Enrolling Clerk; John Robb, Washoe, Sergeant-at-Arms; Ruel James, Douglas, Messenger; August Berning, Ormsby, Porter; Roy Stone, Ormsby, Page.

In the Assembly the lucky ones were: Chief Clerk, H. E. Freudenthal, Lincoln; Assistant Chief Clerk, A. E. Green, Esmeralda; Sergeant-at-Arms, W. D. Phillips, Washoe; Minute Clerk, D. M. Broy, Eureka; Engraving Clerk, Miss Dora Sheehan, Humboldt; Copying Clerk, Miss Mattie Clark, Elko; Enrolling Clerk, Miss May Campbell, White Pine; Committee Clerk, A. Wal-

LINEMAN WAS NEAR TO DEATH

Charles Emmons, engaged in placing a guard wire over the trolley line on second street yesterday morning came near being electrocuted. The guard wire slipped and fell across the heavily charged copper line, one end grounding. As luck would have it Emmons dropped one end of the wire and escaped a shock, though a falling block struck him on the left ear, inflicting a painful wound. Beyond a lively electrical display and a burned wire no other damage was done.

BADLY BATTERED UP BY A RAILROAD TRAIN NEAR ICELAND

Pete Erickson, employed on the ice ponds near Iceland, was struck by a train near that place yesterday morning and was brought to the county hospital in Reno yesterday afternoon. The man is suffering from a badly crushed leg, while his right arm is dislocated and fractured. His condition is serious, though hopes for his recovery are entertained.

Drs. Morrison, Hood and Thoma attended the injured man last evening. It is thought the leg will be saved.

RUSSIANS TAKE ON RENEWED HOPE

Kuropatkin Resorts Decisive Victories for His Army and Heavy Losses in the Ranks of the Sturdy Nipponites

By Associated Press] ST. PETERSBURG, Jan. 16.—Kuropatkin in a dispatch to the Emperor reporting the Russian cavalry raids of January 10 and 11th says:

"The Japanese suffered heavily. The Russian losses during these two days were, three officers killed, ten wounded and fifteen soldiers killed and forty-nine wounded.

"During the evening of January 10th one and a half companies of Japanese infantry and a half squadron of Japanese dragoons were defeated with great losses. On January 11th, a Japanese company and two squadrons of cavalry, which were occupying Newchang, were driven out by Cossacks, who occupied the place. Afterwards they pursued the company, defeating it and inflicting a heavy loss.

The same night our patrol damaged the railway and telegraph line, capturing a train and two locomotives. During these two days our cavalry defeated several small detachments and captured one officer, fourteen soldiers and 500 carts with stores.

"On January 12th our patrols damaged the railway six miles from Yankow and a Russian detachment reached Yankow. Our artillery cannonaded the station, set fire to the stores and later stormed the station. The Japanese opened fire with rifles and machine guns and our men sought shelter in the ditches and again attacked until they reached the railroad line, when a strong column of Japanese infantry appeared advancing from Taishikiao. Our forces being inferior retired, carrying away nearly all the killed and wounded.

The stores at Yankow were ablaze the whole night. It is now cold at night but warm and bright during the day.

MRS. HESS WAS MURDERED BY DANIEL REGAN

WE, the jury find that deceased, Mrs. Harriet Hess, came to her death from unnatural causes by blows received from her son-in-law, Daniel Regan.

Such is the verdict of the coroner's jury rendered in the office of Judge Pollock last evening shortly after 8 o'clock. It is the result of a careful examination made by Coroner Read and District Attorney Craig, who handled the evidence, which if presented at a trial of the accused man would undoubtedly result in his conviction of what appears to be one of the most brutal murders ever committed in Washoe county.

CORONER'S JURY RENDERS ITS VERDICT

Witnesses Tell of How Aged Woman, Attempting to Secure Peace, Is Beaten by Maddened Man and Dies from the Effects

Daniel Regan, charged with the murder of his mother-in-law, now stands formally accused by a coroner's jury of being responsible for the cowardly crime. One witness after another yesterday welded the chain that will go to convict the accused man when he is finally brought to trial and nine men sworn to act upon the evidence placed their seal of approval on the work. The jury consisted of the following well known residents of the railroad town:

J. E. Gilnaugh, William Parsons, Gus Martin, George Robison, John Ede, W. H. Jones, William Shanley, Chas. W. Young and Charles S. Spencer.

Feeling runs high in Sparks and interest in the case is keen. The inquest was set for 11 o'clock. Judge Pollock's court room was crowded at that time, but a continuance was found necessary and the hearing began at one o'clock.

CRAIG ASSISTS

Coroner Read, anxious that nothing be left undone to make the inquest complete, called upon District Attorney Craig for assistance and though that officer found it necessary to give up his work in the District Court, he spent the entire afternoon in assisting in the examination of witnesses.

A RETICENT OFFICER

Despite the fact that the crime with which Regan is charged is cowardly in the extreme, one or two of the witnesses

BURTON WILL BE ASKED TO RESIGN

By Associated Press] TOPEKA, Kan., Jan. 16.—A resolution asking Senator Burton to resign will be introduced in the Kansas House and Senate. Cyrus Leland, leader of the divorced Republican faction in Kansas and a member of the House, is the author of the resolution.

The matter will come up for consideration tomorrow. An effort will be made to table it on the ground that the case of Burton is yet before the courts, therefore not subject for legislative action.

Killed a Saloon Keeper

By Associated Press] SAN FRANCISCO, Cal., Jan. 16.—Wm. Peterson, a longshoreman today shot and killed Wm. Nieberg, a saloon keeper. The men had trouble over Nieberg's divorced wife. Peterson was arrested last week for threatening the woman. He was released on the condition he leave the town. The men met at Mrs. Nieberg's lodging house, and Peterson sent two bullets into Nieberg's head. He then escaped.

WORK OF A WHITE BRUTE

An unknown white man entered one of the many houses of the tenderloin about 10 o'clock last evening and assaulted a negro woman. The woman's shrieks attracted occupants of adjoining dens. An alarm was sent to police headquarters. Officer Cadle responded. He arrived in time to find the woman lying upon the floor. Her assailant, however, escaped through a rear door and has not been captured.

A RUN on a Cleveland bank was stopped the other day by the opportune arrival of an automobile loaded with money for the depositors. Under such circumstances the driver would probably be excused for violating the speed ordinance.

STATISTICS just issued by the authorities of Yale show that of 22,033 graduates of the institution, only 12,744 are still in this vale of tears. The report does not state whether the heavy mortality of Yale graduates is due to congestion of the brain or athletics.

THE RUSSIAN General Fock has concluded to take his chances as a prisoner of war and go to Japan with his men rather than face a courtmartial by returning home. General Fock probably has a pretty good idea what awaits a soldier who does not die for an autocracy rather than surrender.

JOHN L. BRISTOW, who conducted the investigations in the postal frauds, has been given a roving commission by the president to investigate trade conditions. It is to be regretted that he was not permitted to rove around a little longer in the postoffice department rather than remove his sphere of influence to new fields.

GENERAL NOGI's veterans fresh from the capture of Port Arthur, are moving northward to reinforce Oyama at Mukden. They will constitute an important addition to the field marshal's army, since they have had far better training than any troops of the mikado. They have learned how to protect themselves as well as how to make desperate charges when necessary, and they will be a very formidable element in front of Kuropatkin.

A RESTRAINING order is being prepared to prevent Senator Platt of New York from taking his seat because he represents the interests of a corporation in declining to vote for a parcel post bill. Senator Platt is heavily interested in express companies which would be injured by the passage of such a law. If such a precedent were established it would create a yawning chasm in the American House of Lords.

SOME young women attending a religious school in New York have recently given a demonstration of practical temperance teaching. They observed that workmen employed on an excavation near by were in the habit of lining up and visiting neighboring saloons at the lunch hour. This led to the organization of a plan for distributing coffee among the men, the young women appearing at the sound of the whistle with buckets of the steaming liquid. The men liked it so well that the saloons lost most of their patronage from that source.

PORTLAND OREGONIAN scores the portrait of the notorious financier Mrs. Chadwick, in the daily papers: "Judging from her published photographs Mrs. Chadwick is a handsome young woman, brunette, with an ugly face and flaxen hair. She seems to be about 19 years of age and has the appearance of a woman of sixty. Her face is fresh and youthful, crow's feet giving her a look of old age. She is tall and graceful with a dummy, shapeless figure. Her smile is winsome and reminds one of a grinning death's head."

IT is said that opinion is crystallizing in congress in favor of a reorganization of the Panama canal commission. The plan favored contemplates the creation of a commission of three engineers to have charge of the canal work in all its details, Chief Engineer Wallace being suggested as its head. Authority may be conferred upon the president to utilize men in the engineer corps of the army to aid the commission. The government of the canal zone and control of its relations with the republic of Panama will be placed directly in the hands of the president, and it is possible some laws on the subject will be enacted during the present session. If that plan be adopted it will undoubtedly expedite construction of the canal, for the present commission is altogether too cumbersome. The three engineers appointed to succeed it will have just one thing to accomplish—construction of the waterway—and it will devote its undivided energies to the work free from all distractions caused by other matters.

BILLS WITH HIDDEN MEANING

IN California a movement has been started in the legislature to bring about a change in the method of printing bills so that they will show all changes proposed in the laws. Under the proposed plan new matter would be marked in one way and matter to be omitted indicated in another. It has raised a great outcry, the claim being made that it would add enormously to the printing cost of a session of the legislature.

It seems such a plan is followed in congress. A measure amending existing law is printed so as to show exactly what changes are to be and thus members are advised at once what the effect of the measure would be. The plan is a good one. When no such precautions are taken changes may be slipped through that the legislature would not make if all the members were fully advised of the full effect of the measure. For instance an amendatory measure may come up during the crowded hours at the close of the session. Some one interested in it will explain that it aims to incorporate a certain provision in the law. The explanation may be plausible, members feeling that the proposed provision is wise and should be made. Thus the bill passes, but later on it is found that a long section of the original law has been omitted, eliminating from the statute provisions which the people did not wish to have repealed. That has probably been done in every state legislature.

A common provision is that any section to be amended shall be set forth in full as it is proposed to stand after amendment. To drop out a number of important provisions is very simple, and advantage has often been taken of the carelessness of members in looking up the original section to secure the passage of measures that could not have run the gauntlet had all members been advised of their true import.

A member must compare the bill with every section of the statute it is proposed to amend if he is to be certain of the purpose of the measure. That has to be done with great care, for it is very easy to insert a few words that may escape attention. The comparison must be line for line and word for word, or the member may find he has voted for some change against which he would have arrayed himself had his information been exact.

Unfortunately only a small proportion of the members of some legislatures are so painstaking and advantage is very often taken of the common laxity. The printed bill could easily be made to show every change and it would be observed by every member paying the least attention to his bill file. Such a change would make it far more difficult to slip through bills having a hidden meaning.

LEASE LAND FOR A STREET

County Commissioners Rent a Thoroughfare in the Railroad Tract of Sparks

The County Commissioners met yesterday and transacted all the business they were not able to finish up at the regular meeting held early in the month. All members were present and several matters of importance were acted on.

The Truckee River General Electric Company showed a prospectus of a spur track and wagon road the company is building in sections 29 and 30 of T. 19, N. R. 18 E. and asked for relief in the sum of \$500. The board ordered relief in the sum of \$300 as soon as the road was completed.

The bond of H. L. Norton as Justice of the Peace of Salt Marsh was approved. The bond was for \$500 with J. H. Smith and J. M. Warden as sureties.

The board ordered that Hibbard & McPhail be notified to appear before the board at the next meeting and show which is the official map of their tract in the town of Sparks. They have several maps filed and have not designated which one is official.

The board leased a piece of land in the southwest corner of the railroad tract of the town of Sparks for a street. By the terms of this lease the county is to pay a rental of \$1 per year for use of the land.

NAUGHTY BOYS ARE BARRED FROM GAME

Should a stranger appear on the University campus on one of these fine afternoons and wish to see the gymnasium in making the round of the buildings, he would find that he was the only male in the building. Then if he should step inside the doors he would be greeted by a number of female shrieks and be stared out of countenance by the assembled basketball girls, and perhaps he would immediately rush outside thinking that he was either a monstrosity or that the co-eds were exceedingly bashful for college students.

This is the impression that was conveyed by a visit to the University campus yesterday afternoon. A student says that it is an understood fact that no male visitors are to be allowed in the gymnasium during the basketball practice. There should be a notice on the gymnasium door to that effect. This notice would be of great benefit as it would warn any poor innocent visitor that he was invading sacred domains, and would be a sure means of quieting any dissenting voices that might be heard among the male students of the University.

Shooting Was Accidental
The Wadsworth authorities have decided that "One Eyed Smithie," who shot Ed. Kelly in the saloon at Derby Friday evening did not intend to fire the shot and consequently have released him from custody. Kelly is still alive and has a good chance for recovery. He was shot clear through the body and the doctors thought that he would die in a few hours, but the bullet did not seem to strike a vital part and it is now thought that with good care he will get well.

Classmen Choose Officers
The Junior class of the University of Nevada yesterday elected the officers who will have charge of all class matters during the remainder of the college year. The following students were honored by receiving positions: Chester Taylor, football manager; Gus Hoffman, baseball manager; Harry Cuzler, track manager; W. O'Brien, president and Nellie Cuzler, vice president.

NEW RULES FOR CADETS

War Department Approves Revised Drill Regulations Submitted by Captain Boyd

Captain Charles T. Boyd, chief military instructor of the Nevada State University, yesterday issued orders to the Cadet Corps to take up the new 1904 Infantry Drill Regulations and Manual of Arms, and begin work upon them at once.

Captain Boyd is at present in Washington where he has been submitting reports to the War Department relative to his sojourn at the seat of war in the Far East.

The order to discard the old regulations and take up the new tactics, came somewhat as a surprise to the battalion, for during the past semester each and every cadet had worked hard, and as a result was alive to every command in the old books and stood ready to withstand a severe inspection.

The new regulations as drawn up and accepted by the War Department, are very condensed, and the many changes that have been made were only altered after careful study, and it is obvious to all students of military science that they are for the best.

The orders of the commandant were promptly executed by the Cadet major and acting Commandant C. C. Smith yesterday upon the arrival of the books. The battalion will work hard during the five months that are left, and if past work is a fair criterion will be in shape next June to do honor to themselves and college before the United States Military Inspector.

QUALITY...

If there is one thing that you want when you go into a drug store it is quality. You want quality in drugs and chemicals; quality in all prescription work; quality in everything that has to do with medicine. Is it not so? Certainly, there can be no question about it. That is why our trade is so large. It is a recognized fact that our label on a bottle of medicine stamps it with quality, because it never goes out on a bottle or box of medicine that does not possess quality.

RIIS WILL NOT SPEAK IN RENO

At Last Moment Lecturer Finds It Necessary to Cancel Engagement in Riverside City

Jacob A. Riis, the man who above all others is probably entitled to more credit for the betterment of the conditions among New York's poor, will probably not speak in Reno as was at first announced. It was stated that he would speak at the Congregational church under the auspices of the Twentieth Century club.

Yesterday it was learned that Mr. Riis will find it impossible to fill the engagement. He spoke at San Francisco last evening and in order to reach here tonight in time to speak, would necessitate too great a rush. Because of ill health he finds it necessary to cancel the engagement. The noted man has all dates filled for weeks ahead and is unable to give any encouragement for stopping in Reno during his present visit to the coast.

SPARKS DEPARTMENT

BANK OF SPARKS OPENS ITS DOORS

People of Railroad Town Now Have
Opportunity of Patronizing Bank
Which is Located at Home

The Bank of Sparks opened its doors to the public yesterday for the first time. A large amount of business was transacted and, if conditions do not change, the future of the new bank is assured. The office hours are from 9 to 12 in the morning and 1 to 3 o'clock in the afternoon.

Wm. McMillan is cashier of the new bank, and the other officials are connected with the Farmers & Merchants Bank of Reno. They will keep the same office hours as the various Reno banks.

The establishment of a bank in Sparks will be a great convenience to the business men and other citizens of the town. When it is necessary to place money in a bank, or attend to any other business of that nature, the people will not be compelled to make the trip to Reno for this purpose. All this business will be done in Sparks, and the town will be greatly benefited by the change.

Self & Sellman, the well known contractors, have had charge of the erection of the building. While the building is not very large, yet the outside appearance is neat and attractive. It will meet the demands of the people of Sparks for the present and has ample capital to insure its permanent success.

SALT LAKE CITY, Utah, Jan. 16.—Frauds aggregating \$17,000 are alleged to have been perpetrated against the county governments of Salt Lake and adjoining counties, during the past three months through the duplicate payments of bounties on the hides of wild animal pests. In connection with the frauds Charles Jones was arrested today at Ogden. D. B. Davis, formerly a clerk in the County Clerk's office in this city, was also taken into custody.

INSANITY MAY BE THE PLEA

Al Linderman, Accused of Murder
of Jack Welch, Now on Trial
for His Life

The case of the State of Nevada vs. Al Linderman, charged with the murder of Jack Welch began in the District Court yesterday morning. The case is progressing more rapidly than the trial of the other prisoners, charged with the same crime and it is thought that it will be finished in a few days. A large number of citizens were examined yesterday and nine have been retained as jurors. As yet no preemptory challenges have been made.

Attorneys P. N. Packard and Hartson & Hummel are representing the defendant and are closely examining every man called into the jury box. The State is represented by District Attorney Craig and W. H. A. Pike.

Linderman was not tried with the other prisoners charged with the same crime on account of having made two confessions. He has denied both of these confessions and persons acquainted with the case say that his attorneys will enter a plea of insanity, if the evidence appears very strong against him. The attorneys for the State have been working hard on the case and expect to convict Linderman as easily as they did the three other men.

RAILROADS RALLY TO NIXON'S SUPPORT

(Continued from Page 1.)

lace, Douglas; Journal Clerk, A. Wise, Lander; Messenger, W. Thye, Washoe; Page, Clarence Davis, Ormsby.

The fight for the positions was so keen that nothing else was thought or talked of until today, but next in order is the United States Senatorship, the election for which takes place next Tuesday, and that is now the whole show.

Already the knowing ones are talking of dark horses, and Tom Rickey, the local banker and cattle man and Senator Stewart are being spoken of as possible contestants for the toga. But no "material" sign of their candidacy is yet in evidence, and Nixon, however he may feel within, affects a serenity that reminds one of summer skies.

The Legislature met today at the usual hour.

Promptly at noon the gavel fell in both houses of the Twenty-second session of the Nevada State Legislature. In the Senate all the members were present, with Lieutenant Governor Allen, who is ex-officio President of the Senate in the chair.

All members of the local clergy were invited to participate as chaplains during the session.

The following bill and resolution were passed:

S. B. No. 1.—Roff—Act to create a legislative fund. Passed.

Senate Resolution No. 1.—Hardin—Providing for extra Enrolling Clerk. Adopted and Hirsch Harris appointed to the position.

Senate adjourned until 11 a. m. tomorrow.

Secretary of State Douglass called the Assembly to order and after the usual preliminaries Mr. Platt was elected temporary Speaker and afterward elected permanent Speaker of the House. Upon taking the chair Mr. Platt was greeted with applause to which he responded in a brief speech, at the conclusion of which the members applauded.

E. R. Dodge of Washoe was elected Speaker pro tem by acclamation.

The members of the Carson clergy were invited to act as chaplains during the session.

All members were present except C. B. Henderson of Elko who was granted a leave of absence.

Messrs. Smith of Humboldt, Gifford of Lyon and Ingalls of Esmeralda, were appointed a Committee on Mileage, and the House then adjourned until 11 a. m. tomorrow.

The startling condition was discovered by Assistant Cashier Howell when he attempted to open the safe yesterday morning. The time lock had stopped; run down or the mechanism

GETTING READY TO CELEBRATE

Methodists Will Celebrate First
Anniversary of Jubilee Day
Next Sunday

One year ago next Sunday will mark the first anniversary of the payment of the debt of the Methodist church.

The members of the church in Reno have named it "Jubilee Day," and are now preparing to observe the event in a fitting manner. Last year special services were held and it is the intention this year to have a program in every way as extensive and interesting as at the start. The church is now nearly out of debt. All that remains is a small balance on the parsonage account, but it is expected to have even this paid by March 1st.

Dr. Welch, the pastor, reports that the services Sunday were marked by the usual large attendance, interest and enthusiasm. The music by the choir at both services was excellent. The choir will give its regular monthly concert next Sunday evening.

A STAR PROGRAM AT THE GRAND THIS WEEK

Manager Cliff, of the Grand theatre, is now presenting the best bill that has been put on at the popular play house for many weeks. The acts are all entertaining and three of them are very unique and full of mystery. Those who witnessed the performance last night, pronounced it the best ever put on in the city of Reno in a vaudeville house and say that every one should see it.

Thocot, the French comedian in his original act is fine, and received much applause last evening. Mlle Flor D'Aliza from the Theatre Ambassador in Paris has an act that catches and holds the audience during the entire time she is on the stage and to say that she is a star in vaudeville, would only be giving her justice.

Caesar & Company in the famous trunk mystery are the star performers of the bill. They mystify all and every act is new and odd. No one seems to understand just how they do the trick, but all declare them kings in their line of work.

Myers & Rosa are clever disk manipulators and deserve much praise for their work.

DENIES THAT HE IS GUILTY

"Only Suspicion Without Foundation," Says Calhoun in Refuting Charges of Theft

W. Calhoun, a waiter in the Riverside hotel, stole a lady's purse and watch from the dining room of the hotel Sunday evening, and although he knew that he was suspected of the theft, would not give it up until a reward was paid. Captain Gosse called the fellow into the office yesterday morning and told him that he could either give up the stolen property or go to jail. The fellow immediately handed over the watch and purse and when the office door was opened ran from the building.

Captain Gosse had made a charge of larceny against the fellow but withdrew it as soon as the property was recovered. Calhoun was then discharged and has not been seen since. He was suspected of stealing some silverware, but although his room was searched, the silverware could not be found.

W. Calhoun, came into The Journal office last evening and denied that he took a lady's purse and watch from a table in the dining room of that hotel and stated that he was never arrested. He claimed that he was only suspected of a theft.

POLE STOPS A RUNAWAY TEAM

Government Team Dashes Madly
Through Streets and Scatter
Grain in All Directions

Two powerful horses, attached to a large wagon loaded with grain, became frightened while standing in front of the W. I. Mitchell Company's store house on Commercial Row yesterday afternoon and ran madly through the streets. They were brought to a sudden stop on Front street, by dashing into a pole, erected by the Electric Railroad Company. The wagon was wrecked and the harness was nearly destroyed, but the horses escaped injury.

The wagon belonged to the government and was loaded with grain for one of the surveyor's camps. The sacks were broken open and the grain was scattered all over the street.

SUMMONS

In the Second Judicial District Court of the State of Nevada, in and for Washoe County.

The State of Nevada sends to Charles F. Courtney, greeting: You are hereby required to appear in an action commenced against you as defendant by Carrie E. Courtney, as plaintiff in the Second Judicial District Court of the State of Nevada, in and for the County of Washoe and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service), if in said county, or twenty days if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The action is brought to recover judgment against you to dissolve the bonds of matrimony now existing between the plaintiff and the defendant on the following grounds to-wit:

That on or about the first day of December, 1901, the said defendant disregarding the solemnity of his marriage vow, willfully and without cause deserted this plaintiff, and ever since has, and continues so to willfully and without cause desert and abandon the said plaintiff.

The said defendant has treated the plaintiff with extreme cruelty using personal violence, by striking and beating the said plaintiff, and on divers times struck her in the face as well as elsewhere on her person, and has caused her to carry the marks for several days; that owing to said acts of violence plaintiff was in constant fear during all the time she lived with the defendant.

That since plaintiff's marriage with the defendant, the defendant has failed to contribute anything toward the support of the plaintiff, and she was compelled to perform labor for others, to provide herself with the necessities of life; that failure to so provide was not the result of poverty on the part of the defendant which he could have avoided by ordinary industry. All of which will more fully appear from the Complaint, which is on file in the office of the Clerk of said Court, at Reno, in said County, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint,

LEGAL ADVERTISEMENTS

the said plaintiff will apply to the Court for the relief demanded.

In witness whereof, I have hereunto set my hand and affixed the Seal of said Court, at Reno, this 16th day of October, A. D. 1904.

SUMMONS

In the Second Judicial District Court of the State of Nevada, in and for Washoe County.

The State of Nevada sends to Edith C. Jolliffe, greeting: You are hereby required to appear in an action commenced against you as defendant by Frank E. Jolliffe as plaintiff in the Second Judicial District Court of the State of Nevada, in and for the County of Washoe, and answer to the complaint therein within ten days after the service on you of this summons (exclusive of day of service), if served in said county, or twenty days if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The action is brought to recover a decree dissolving the bonds of matrimony heretofore and now existing between the plaintiff and defendant, as will more fully appear from the complaint on file herein, on the grounds that defendant willfully and without cause in February 1899, deserted and abandoned the plaintiff and ever since has and still continues so to willfully and without cause desert and abandon plaintiff, and to live separate and apart from him, without any sufficient cause in action, and against his will and without his consent.

All of which will more fully appear from the Complaint, which is on file in the office of the Clerk of said Court, at Reno, in said county, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed the Seal of said Court, at Reno, this 16th day of December, A. D. 1904.

AN INJURY TO THE PUBLIC INTERESTS

Perhaps one of the greatest hallucinations is the belief of many persons that they can foretell the weather for a month or even a year in advance, especially the occurrence of earthquakes, destructive storms and damaging floods. Some of these long range weather prophets base their predictions upon astronomical phenomena, while others make use of long temperature and precipitation records of the Weather Bureau in figuring out their fallacious forecasts. Weather forecasts based upon planetary influences are considered by scientists as nonsensical, misleading and positively injurious to public interests. Persons who make and distribute such forecasts are simply in the prediction business for the sake of notoriety and personal gain.

The forecasting of the weather for a day or two in advance is a very simple proposition, especially to those who have been trained in scientific forecasting, and who are fully versed in the science of modern meteorology. The chief of the Weather Bureau in commenting upon the subject of long range weather forecasts, has the following to say:

"It is the opinion of the leading meteorologists of the world that public interests are injured by the publication of so-called long range weather forecasts, especially by such predictions as relate to severe storms, floods, droughts, and other atmospheric phenomena of a dangerous or damaging character, and the persistent efforts of certain men to foist their predictions upon the public, for personal gain, have reached such proportions that it is deemed advisable fairly and temperately to counteract the influence of those men whom we believe to be preying upon the credulity of the public.

"Some of these men may be honest, and may in their ignorance, attach undue importance to storms that may, accidentally, coincide in time of occurrence with certain relative positions of the planets, or with changes in the phases and positions of the moon, or with periods of increase or decrease in sun-spots, or apparent variations in the solar intensity. Men of this class find that for which they sincerely seek, 'they mark when they hit and never mark when they miss,' and the occurrence of a storm within the broad area of the United States, and, at times, within much broader area, on or near the day for which they have predicted a storm, confirms, in their minds, the value of their system of prediction.

"They may believe that they have discovered a physical law or a meteorological principle that has not been revealed to astronomers, meteorologists, or any other class of scientific investigators, but the publication of predictions that, by reason of their absolute inaccuracy, are calculated to be positively injurious to agricultural, commercial and other industrial interests, casts a serious doubt upon the honesty of their purpose, and upon the asserted disinterested devotion to the public welfare.

"Such publications bring the science of meteorology into disrepute and can not, therefore, be made in response to a desire to advance that science along useful lines; and they retard the work of the honest investigator, through whose efforts, only, can gains be made in fundamental knowledge of the causation of weather that will justify forecasts for a month or a season in advance.

"As a result of my personal verification of the work of long range weather forecasters, some of whom have so far gained the confidence of the rural press as to receive liberal compensation for their predictions, I am led to the conclusion that these forecasters knowingly perpetrate fraud and do positive injury to the public at large. It is to be regretted that so many newspapers not only give space to these harmful predictions, but actually pay for them. Forecasts of this description can probably be classed with advertisements of quack medicines—they are both harmful to the extreme."

The grounds on which such judgment and decree are claimed are that you, defendant, have disregarded the solemnity of your marriage vows, and on the 27th day of January 1903, did wilfully desert and abandon plaintiff and plaintiff's home and have wilfully ever since said date continued to desert, abandon and keep away from said plaintiff, and have lived separate and apart from said plaintiff, who is your lawful husband; and that such desertion and abandonment has existed for more than a year last past, and preceding the filing of this complaint.

And for a further order and decree awarding to the plaintiff herein the custody of the two minor children of the issue of said marriage.

A JURY ACCUSES
REGAN OF CRIME

Witnesses Tell Tragic Story of How
Aged Mrs. Harriet Hess Came
to Her Death

(Continued from Page 1).

nesses apparently were not anxious to
tell all they knew of the case. Constable
Pollock, who assisted in making
the arrest was continually questioned
before he related many important facts
and even then his testimony was not
satisfactory or definite. However, his
deputy, Frank Malay, made up for
this by giving direct testimony.

VON KOTCH UNDER BONDS

Ernest Von Kotch, a strapping young
fellow, who witnessed the crime com-
mitted and made no effort to prevent
it, started out by attempting to shield
the accused man. After a brief ad-
journment, however, he apparently
changed his mind and gave strong evi-
dence against the accused. District At-
torney Craig, fearing that the fellow
would run away before the case is
brought to trial, had the witness placed
under bonds in the sum of \$500 to
insure his appearance.

TELLS OF MOTHER'S DEATH

The most important witness of the
day was Mrs. Regan. With a calmness
that sometimes seemed almost unnat-
ural the woman related the incidents
that led up to the trouble ending in
her husband entering their home on
the Currow tract and beginning to
demolish the furniture. Mrs. Regan
then told how her mother began to
remonstrate with the maddened man,
and then how he grabbed her by the
throat and began to beat her with the
clenched fist of his other arm. With a
steady voice the woman then describ-
ed how Mrs. Hess fell back on the
bed and complained of illness, how she
treated her with stimulants and ap-
plications and how the aged woman
finally died in her arms. It was here
that Mrs. Regan faltered and burst
into sobs. It was only a moment,
however, for as soon as she reached
the next incident she was as calm
as any person in the courtroom.

DR. ASCHER

Dr. Ascher, who was called to at-
tend the injured woman, stated that
when he arrived the woman was sit-
ting in a chair supported by her two
daughters.

"I don't know how she came to her
death," said the doctor. "She was
dead at that time. I tied up the lower
jaw and assisted in carrying her to bed."

Further questioning brought out the
fact that Dr. Ascher's suspicions were
aroused on arriving at the house and
disliking notoriety in the sad and dis-
agreeable affair he gave but little at-
tention to the dead woman or to the
cause of her death.

MR. MALAY TESTIFIES

Deputy Constable Malay followed Dr.
Ascher. In a careful manner he re-
cited every incident in connection with
his acts leading up to the arrest. The
officer stated that Regan had been
drinking and when under the influence
of liquor had a bad disposition and
was very quarrelsome. He did not no-
tice conditions in the room for the rea-
son that he kept his eyes constantly on
the prisoner while making the arrest.
"Why were you so cautious?" asked
Coroner Read.

"Because I have known him to be
a pretty bad character and also heard
of him being a pretty bad character,"
replied Mr. Malay.

FRANKE KNEW NOTHING

William Franke, a friend of the fam-
ily was next called. Franke is said to
know much about the case, but his
business requiring his constant at-
tention he proved to have a poor mem-
ory yesterday and was excused with-
out throwing any light on the situ-
ation.

A NIGHT SESSION

Mrs. Regan was next called and at
the conclusion of her testimony an ad-
journment was taken until 7 o'clock
last evening.

PHYSICIANS CALLED

County Physician Morrison, who,
with Dr. Thoma, performed the au-
topsy on the body, was called when
the examination was resumed. The
doctor told of finding the internal or-
gans in a healthy condition for a
woman of Mrs. Hess' age and gave it
as his opinion that she died from un-
natural causes, though he was not
in a position to state that death was
caused by a blow. Dr. Thoma fol-
lowed, giving testimony similar to
Dr. Morrison. The case was then sub-
mitted, the jury shortly afterward re-
turning a verdict as stated.

REGAN HAS BAD RECORD

Mrs. Regan, wife of the accused
man, yesterday stated that this is not
the first time her husband has been in
trouble. Some time ago he was ar-
rested in Vacaville on a charge of rape.
It was only after his mother had spent
much money in his defense that he was
acquitted on this charge.

Mrs. Regan, who was a widow nam-
ed Valentine, was married to Regan
in Vacaville seven years ago. She has
one child, by her former husband, a
girl named Ruth, who is now in the
Orphan asylum in Reno. Mrs. Regan
further stated that her married life
has been a most unhappy one and that
she has lived in constant fear of her
husband.

REGAN ARRAIGNED

A quiet rumor was in circulation

Sunday night that an attempt would
be made to lynch Regan when he was
brought to Sparks for arraignment.
Hearing this Sheriff Ferrell and Dis-
trict Attorney Craig early yesterday
morning hustled the prisoner down to
the new town and before it was
generally known Judge Pollock read
the warrant to the accused man, re-
manded him to the custody of the
Sheriff and set the date of his pre-
liminary examination for Saturday,
January 21st.

VON KOTCH FORGETFUL

Von Kotch, who witnessed the crime
and who went home with Regan was
called next. Only by the most skill-
ful questioning could he be compell-
ed to tell what he knew of the case
and then his answers were very evas-
ive and unsatisfactory. Coroner Read
finally declared a recess. At its con-
clusion Von Kotch again took the
stand and this time described how
Regan entered the room with a pock-
et knife and how he threatened to use
it on his aged and defenseless moth-
er-in-law. The witness also told of
how the dying woman with almost her
last breath accused the maddened fel-
low with being her murderer.

SAYS HE'S INNOCENT
